Board of Education
Drexel R-IV School District
207 S. Fourth Street
Drexel, MO 64742

Dear Board of Education Members:

The 2021-2022 budget has been developed with input from district building administration, teachers and support staff. A budget hearing will be held June 21, 2021 to provide the Board of Education with information and to seek additional input. The 2021-2022 budget has been developed to reflect changes in personnel, salary and benefits. The district has increased its' capped contribution to employee health insurance at \$600/month, an increase of \$35/month per employee.. The district added \$1,000 to the certified salary schedule and did award certified staff steps on the salary schedule and increased non-certified staff salaries 4.3%.

Revenue Overview

It is estimated that the district will receive \$1,724,613 in local revenue. The county revenue is estimated at \$141,000. State funds are expected to produce revenues in the amount of \$1,725,493. A total of \$245,887 is anticipated in federal revenues. The total anticipated revenue for 2021-2022 is \$3,836,993.

Expenditure Overview

The total expenditures for the 2021-2022 budget are \$3,738,317. Overall spending is projected to be \$435,000 less than during 2020-2021. The major factor in decreased expenditures can be attributed to the district reducing capital improvement projects. Operating expenditures for 2021-2022 are projected to be \$3,474,744. This amount is nearly \$85,000 less than during 2020-2021.

Summary

The 2021-2022 budget provides revenues over expenditures of \$98,676. However, operating revenues are projected to exceed operating expenditures by \$66,732. The estimated overall ending fund balance in the general operating fund is \$888,518, which represents a 25.57% fund balance for the 2021-2022 budget.

Operating revenues may be slightly lower than the previous year by approximately \$50,000, while operating revenues may also be lower as well, by approximately \$85,000. Conservative estimates were used when projecting revenues. The district should continue to monitor expenditures over the next 12 - 18 months.

The revenue and expenditure projections do not include any ESSER III funding, which the district should receive up to \$315,010. The district will be working to develop a plan on how to most effectively use these funds.

Respectfully submitted,

Terry Mayfield

Budget Message

*2021-2022 Preliminary Budget
June 21, 2021*

Presented to the Board of Education and Patrons of the District

DREXEL R-IV SCHOOL DISTRICT ANNUAL BUDGET

General remarks (context)

A number of changes have occurred impacting the district in the prior fiscal year.

- The number of personnel has reached the threshold of fifty (50). With this comes the offering of health insurance benefits to more staff members. While the staff members certainly deserve these benefits, it does increase staffing costs.
- The district continued to operate on a four day school week during 2020-2021.
- The district continued to implement a 1:1 technology initiative during 2020-2021.
- Elementary grades 4-6 continued to implement a departmentalization concept.
- The district will reorganize its' building level administration and move to having a K-12 Principal and a K-12 Assistant Principal – rather than having an Elementary Principal and a Secondary Principal.
- The district passed a \$1,350,000 bond issue in April of 2019. The bond issue will finance several capital improvement projects.
- The state is experiencing a severe economic downturn caused by the COVID-19 pandemic.
- The district offered in-person learning and virtual learning for students during the 2020-2021 school year due to COVID-19.

Significant changes for the upcoming year

- The district will continue to operate on a four day school week.
- The district will continue to implement a 1:1 technology initiative.
- The elementary will continue to departmentalize in grades 4-6.
- The district increased a \$565/month cap on the contribution to employee's health insurance premium to \$600/month.
- The district increased the certified base salary by \$1,000.
- The district will continue the reorganization of its' building level administration and move to having a K-12 Principal and a K-12 Assistant Principal – rather than having an Elementary Principal and a Secondary Principal.
- The district continues to monitor staffing needs.
- The district will contract IT Services.

Budget preparation

- Revenue and expenditure trends have been considered.
- Attempts have been made to improve compensation of staff members.
- We have used data from the Department of Elementary and Secondary Education (DESE) in developing state revenue estimates.

- We have used historical trends and estimates from county officials to estimate local revenues.
- We have listened to needs expressed.
- Revenues have been projected conservatively.
- Expenditures have been projected liberally.
- The resultant bottom line on the budget should be viewed as a worst case scenario, financially. In other words, we should end the year in better financial shape than this preliminary budget depicts.

Organization, pupil enrollment

As previously addressed, the district will operate on a four day school week, which will provide 148 days of student instruction. While the number of days has decreased from 168 to 148, the length of each day has been expanded by 49 minutes.

Our single building (plus the Ag Building) will no longer be divided administratively into Secondary (7 – 12), and Elementary (Pre-K – 6). Administratively there will be a K-12 Principal and a K-12 Assistant Principal. Within the secondary portion, there is some natural separation between the high school grades (9 – 12) and the middle level (7 – 8). Enrollment in the district continues to fluctuate. Three years ago there were approximately 316 students in grades K-12. During the 2018-2019 school year enrollment dropped to as low as 284 students, finishing the school year with 294 students in grades K-12. During the 2019-2020 school year enrollment at the end of the school year was 287 students in grades K-12. During the 2020-2021 school year the enrollment at the end of the school year was 276 students in grades K-12, with 254 students in-person and 22 students using virtual learning.

At the secondary level, we have added staff members with expertise in technology. This combined with the added access to technology at all levels provides an enriched environment for our students and staff.

We are small enough to allow each student to be involved extensively in educational and co-curricular programs. We are proud of academic achievements, and the success students have experienced in a multitude of programs, such as FFA, FBLA, FCCLA, NHS, NJHS, Student Government, Music, Art, creative competitions, cup stacking, and athletics. Our students and staff take pride in their service commitment to each other, the school, and the community.

In conclusion

The 2021-2022 budget provides revenues over expenditures of \$98,676. However, operating revenues are projected to exceed operating expenditures by \$66,732. The estimated overall ending fund balance in the general operating fund is \$888,518, which represents a 25.57% fund balance for the 2021-2022 budget.

It is imperative that the Drexel Board of Education and Administration take a very cautious approach to spending to avoid a repeat of the past. The future of the district appears solid. One time expenditures need to be spaced out so as not to put a strain on an otherwise tightening budget. As employee's leave the district, much consideration must be given as to whether or not that position should be filled.

The Drexel School District has recovered from a recent financial crisis over the last 8-10 years. Even though the district does have a comfortable fund balance, the district should plan for financial recovery to build reserves. This recovery will be dependent upon prudent spending especially in the areas of salary and personnel. It is imperative that the district continue to monitor expenditures for the next 12 – 18 months. When reserve balances recover, the district can reassess its position with respect to expenditures.

(1) This Summary Schedule depicts the combined principal and interest payments due on each payment date for the District's general obligation bond issues.

(2) The interest payments on the Series 2017 Refunding Bonds are paid from the Escrow Account of U.S. Treasury Securities through the March 1, 2019 payment date. On March 1, 2019 the Escrow Account prepaid the callable Series 2014 Bonds.

(3) There are annual Paying Agent and Registrar Bank charges in the amount of \$300.00 for the Series 2019 Bonds, \$300.00 for the Series 2017 Refunding Bonds, and \$300.00 for the Series 2014 Bonds. The District should include these expenses in its budgeting process. Since the March 1, 2019 call of the Series 2014 Bonds, the annual Paying Agent and Registrar Bank charges have ceased for that issue.

(1) This Summary Schedule depicts the combined principal and interest payments due on each payment date for the District's general obligation bond issues.

(2) The interest payments on the Series 2017 Refunding Bonds are paid from the Escrow Account of U.S. Treasury Securities through the March 1, 2019 payment date. On March 1, 2019 the Escrow Account prepaid the callable Series 2014 Bonds.

(3) There are annual Paying Agent and Registrar Bank charges in the amount of \$300.00 for the Series 2019 Bonds, \$300.00 for the Series 2017 Refunding Bonds, and \$300.00 for the Series 2014 Bonds. The District should include these expenses in its budgeting process. Since the March 1, 2019 call of the Series 2014 Bonds, the annual Paying Agent and Registrar Bank charges have ceased for that issue.
